

K-Love FM is a positive, encouraging radio station that is produced nationally. My whole family listens to this and encourages others to do as well. If K-Love was displaced by an LPFM, it would create a void for this type of programming and limit not only my family's access to this but hundreds of other families in the Sioux Falls area. K-Love addresses the public interest by working with local organizations to produce free concerts and publicize these concerts on a national basis. This is in addition to the other benefits from this type of programming - it is family friendly - as a parent of 2 teenagers - it is safe programming that I don't have to worry about.
